

KONINKLIJKE
ALGEMEENE VEREENIGING VOOR
BLOEMBOLLENCULTUUR

Official statement

The Royal General Bulb Growers' Association KAVB is appointed as International Cultivar Registration Authority for Hippeastrum cultivars. The cultivar 'Pink Lotus' is found to be distinct. Therefore the KAVB-taxonomists have agreed to the registration of this cultivar.

***Hippeastrum 'Pink Lotus'**
was registered on the 9th October 2019.*

This pink and white double galaxy hippeastrum was raised by Guohui Kong of South China Botanical Garden, People's Republic of China.

Hillegom, 9th October 2019

N/A.....
18. Plant Breeders' Rights (PBR): No.....
19. Trademark: N/A.....

Signature registrant: *Guo Rui Kong* *Linhai Zhang*.....

Before choosing a name for submission for registration the editions of "The Classified List and International Register of Tulip Names" or "The International Checklist for Hyacinths and Miscellaneous Bulbs" should be consulted. Any name, which appears in them, should be avoided. In choosing a name regard should also be had to the rules and recommendations in the "International Code of Nomenclature for Cultivated Plants". A name, which does not conform to the Code, cannot be accepted for registration.

It would be appreciated if some bulbs or tubers of the cultivar to be registered could be sent to the KAVB to be planted in our Trial Garden.

Hippeastrum 'Pink Lotus' '粉色荷花'
